

MINSK MOTOR PLANT

The Open Joint Stock Company “MINSK MOTOR PLANT” is the largest Belarusian company and the leading manufacturer of modern diesel engines in the CIS (former USSR) holding the first position as for the quantities of engines manufactured for tractor and combine-harvester applications.

Diesel engines Our engines are widely used in tractors, combine harvesters, trucks, buses, open mine machinery, agricultural, industrial, construction, road-building, forestry and other special machinery.

The main areas of the OJSC “MMP” activities are:

- Manufacture and sales of diesel engines on the domestic and foreign markets and spare parts to them, manufacture of aluminium castings.
- Manufacture and sales of construction equipment, compressors, air blowers (asphalt road patch repair sets).
- Manufacture and sales of consumer goods.
- Spare parts wholesale trading, diesel engines sales on the aftermarket.
- The OJSC “MMP” branch in Stolbtsy (Minsk Region) performs licensed re-equipment of trucks replacing gasoline engines with diesel engines manufactured by the Minsk Motor Plant.
- Foreign economic activities.
- Customer warranty and technical servicing.
- Branded engines repair.

The OJSC “MMP” serially manufactures multi-purpose diesel engines with the bore/stroke of 110x125 mm and 110x140 mm within the power range:

- 4-cylinder diesel engines from 44,2 kW (60 hp) to 114,0 kW (155 hp);
- 6-cylinder diesel engines from 95,7 kW (130 hp) to 184,0 kW (250 hp).
- 8-cylinder diesel engines from 312,5 kW to 331,2 kW (425-450 hp).

All diesel engines have been certified to international ecological standards:

- Off-road — Stage 1, Stage 2, Stage 3A;
- Automobile — Euro-1, Euro-2, Euro-3.

Our engines are supplied to assembly lines of 44 companies located in the CIS (former USSR) and the rest of the World. Installed in various vehicles and machinery, our engines work in over 70 countries.

The OJSC “Minsk Motor Plant” has started manufacture of new products:

- Automobile concrete mixers
- Concrete pumps
- Asphalt road patch repair sets

Some proposals on cooperation with Venezuela can be found on the CD released within the framework of the Belarusian Innovation Week.
